

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or its agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The records should be kept in a secure and accessible location, and should be updated regularly.

2. The second part of the document outlines the procedures for handling cash receipts and payments. It is important to ensure that all receipts are properly issued and recorded, and that payments are made in a timely and accurate manner. The use of bank statements and reconciliation procedures is also discussed.

3. The third part of the document discusses the importance of maintaining accurate records of all assets and liabilities. This includes the regular valuation of assets and the timely recording of liabilities. The use of depreciation and amortization methods is also discussed.

4. The fourth part of the document discusses the importance of maintaining accurate records of all income and expenses. This includes the regular recording of income and the timely recording of expenses. The use of accrual accounting is also discussed.

5. The fifth part of the document discusses the importance of maintaining accurate records of all tax-related information. This includes the regular recording of tax payments and the timely filing of tax returns. The use of tax software is also discussed.

6. The sixth part of the document discusses the importance of maintaining accurate records of all other financial information. This includes the regular recording of interest income and expenses, and the timely recording of other financial transactions. The use of spreadsheets is also discussed.
