Size in cubic feet	Weight per cubic foot	Volume in cubic feet	Amount of solid material in cubic feet	Kind of solid material	Purpose
-----------------------------	--------------------------------	-------------------------------	--	------------------------------	---------

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of reworking, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was "withdrawn" or left in the well, give its size and location. If the well has been dynamited, give date, size, position, and number of shots. If piers or bridges were left in to rest for water, state kind of material used, position, and results of pumping or bailing.
