Dr. E. H. Wells,
State Geologist,
Santa Fe, New Mexico

Dear Dr. Wells:

I am enclosing a copy of a night letter received from Mr. Harry Walker of the Walker Oil Corporation, 809 Ellis-Singleton Building, Wichita, Kansas, which is self-explanatory.

I am writing the Santa Fe office to forward another bond form to Mr. Walker as apparently the first one went astray. It is very possible that this delay has been my fault, as I did not give you their address as Wichita Kansas address in my first letter to you regarding this bond.

If there is anything that you can do to hurry this matter along, I wish you would do it. It seems like this bond has been slowed up considerably and I expect the bonding company is really getting hard with Mr. Walker. I will be more careful in the future to give you the correct address at the first.

Very truly Yours,

J. D. Hunter,
Oil & Gas Inspector
