Mr. John A. Ritter
Sun Oil Company
Dallas, Texas

Dear Sir:

I am returning herewith Form SG-103 "Notice of Intention to Test Water Shut-Off" on your Wm. Maveety Well No. 3 in Sec. 35, T. 19 S., R. 36 E., unapproved due to the fact that our minimum requirement for surface string in this area is 250 feet, (page 7 in the enclosed regulations).

Very truly yours,

FJV:t

State Oil & Gas Inspector.

Dallas, 9-23-35

Mr. Vesely:

We actually cemented 13"OD casing at 260 feet in our Maveety #3 well and the attached report form should have shown 260 feet instead of 230 feet. We have changed the form to read "260 feet".

J. A. Ritter-a
Sun Oil Company
