Re: Acreage - Maveety No. 5
Gas Well, SW, N/E 35-19-36.

Mr. Stanley J. Stanley
New Mexico Oil Conservation Commission
P. O. Box 2045
Hobbs, New Mexico

Dear Mr. Stanley:

Your letter of March 26, 1954 advised you were holding approved forms on the completion of our Maveety No. 5-G pending the submission of a Unitization Agreement or a letter stating that we had unitized the NE/4 of the NE/4, Section 35-19-36 to comprise a 160 acre unit.

We have been continuously working with Gulf on the information of this unit, and I believe have reached an agreement with them even though, at the present time, we do not have a fully signed contract. We have signed the contract on behalf of Sun and forwarded it to Gulf along with all of the other information which Gulf has requested. Gulf has indicated its agreement to the contract and has promised to sign it within the coming week. We had intended to wait until we had the fully signed contract before answering your letter. This, possibly, was an erroneous interpretation of your letter, and we hope it has not inconvenienced you.

We will forward you a copy of the signed Unitization Agreement just as soon as Gulf returns it to us.

Very truly yours,

G. B. Bennett

GBB:rkr

Contract signed w/ Gulf. Information received ver bally from R. Boss @ Santa Fe, N. M. May 11, 1954
