State Oil & Gas Inspector,
New Mexico Oil Conservation Commission,
Carlsbad, New Mexico.

Dear Sir:-

I have your letter of July 25th listing the delinquent reports for SUN OIL COMPANY'S W. B. Maveety well No. 1. Our failure to make these reports is due to a misunderstanding on our part; we were under the impression that the reports were being mailed to you from our Dallas office.

Inclosed are the tardy reports that could be made with the forms available. Kindly mail to our Odessa, Texas office a sufficient number of the required forms to care for reports on several drilling wells. The remainder of the delinquent reports for our W. B. Maveety No. 1 well will be forwarded promptly.

Yours very truly,

SUN OIL COMPANY?
