Re: Filing of radio-activity and
electrical logs

Gentlemen:

Rule 1108 of the Commission Rules and Regulations as revised by Commission Order No. R-722 requires that Form C-105 be accompanied by one copy of all electrical and radio-activity logs run. Reduced scale logs are desirable.

As of this date we have not received this information on the following wells:

New Mexico "E" State #3-D 21-19-37

Yours very truly,

OIL CONSERVATION COMMISSION

Joe M. Ramsey
Proration Manager

If no logs were run, please make a statement to that effect in the space below. Or if they have been run, and will be supplied later, please so indicate.

Will be supplied when small scale logs are available.
