(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Hallwood plans to abandon the Wolfcamp formation in this well due to lack of production and recompleate uphole. Hallwood proposes another uphole recompletion to perforate and test the more prospective Delaware zones between the Upper Delaware (6790' and 6900') and the Lower Delaware (7814' - 8040').

See attached for Procedures.
