Section 29, T20S, R36E
Eumont-Yates-SR-Qu

Gentlemen:

The gas/oil ratio test submitted May 1, 1986, for the above-referenced well will cause the well to be reclassified from gas to oil. This change will be effective June 1, 1986. If you do not concur, please check with this office or submit another test.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

P.S. Please submit a plat (Form C-102) dedicating 40 acres to this well. Also, if the reclassification will cause a change in transporter, please submit Form C-104 designating your transporters.
