#1 UNIT I, S13, T22S, R35E

Gentlemen:

An OCD representative made a recent inspection at the above referenced plugged well site in an attempt to release the location.

Prior to this release, the following items need to be corrected.

1. The dry hole marker needs to state the correct information pertaining to the:
 - a. Well Number
 - b. Tract Number
 - c. Section
 - d. Unit letter

Currently all this information is stated incorrectly on the dry hole marker.

When this work has been completed, please inform our office by signing the bottom portion of this letter and return it to the above address.

Very truly yours,

JERRY SEXTON
