Re: Administrative Order No. MC-1519,  
TEXACO Inc., E.H.B. Phillips "B"  
No. 1 (Formerly E.H.B. Phillips  
Well No. 2), Lea County, New Mexico

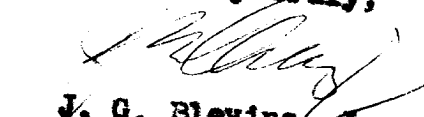

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Administrative Order No. MC-1519 authorized TEXACO Inc. to tubingless dual complete E.H.B. Phillips Well No. 2 located in Unit F of Section 10, Township 20 South, Range 37 East, NMFM, Lea County, New Mexico, in such a manner as to produce oil from the Blinebry formation adjacent to the Weir-Blinebry Pool and the Monument-Tubb Pool.

This is to advise that the name of the well has been redesignated as E.H.B. Phillips "B" Well No. 1 and the Blinebry formation produced 100 percent water upon completion as did the Paddock formation which was completed in the former Blinebry casing string. TEXACO Inc. respectfully requests that Order No. MC-1519 not be cancelled because of a probable forthcoming request to revise the order to provide for the dual tubingless completion of the subject well in the Tubb and Drinkard formations. The Drinkard formation was recently completed in TEXACO Inc.'s adjacent E.H.B. Phillips "B" Well No. 2 and, after further evaluation, Well No. 1 possibly shall be recompleted in the Drinkard formation along with the existing Tubb formation completion.

Yours very truly,

  
J. G. Elevins, Jr.  
Asst. Dist. Superintendent
