Re: Gas Well Plat
Form C-128

New Mexico Oil Conservation Commission
P. O. Box 2045
Hobbs, New Mexico

Gentlemen:

In compliance with Rule 5 (a), Order R-520, we are submitting a corrected gas well plat, Form C-128, covering Gulf Oil Corporation's W. A. Ramsay "A" Lease, Well No. 20, located in Section 35, T-21-S, R-36-E, Lea County, New Mexico.

This standard gas proration unit consists of 640 contiguous acres of a legal section of the U. S. Public Land Surveys. The well is located 1980' from the nearest property line. As shown on the attached plat, Well No. 20 is located 660' from the west section line; however, Section 34 has the same lease ownership and royalty interest, therefore placing the well 5940' from the west property line.

In view of the above facts, we request that this well be assigned a unit allowable of 640 acres.

Yours very truly,

A handwritten signature in cursive script, reading "E. Hosford".

E. HOSFORD
