Re: Proposed NSP _____

Proposed NSL _____

Proposed NFC _____

Proposed DC X

Gentlemen:

I have examined the application dated 9/20/60

for the Texaco, Inc. J. C. Estlack #1-I 3-21-37
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

O.K.---E.F.E.

Top Drinkard is at 6527' or top perforation of Drinkard completion is

7' into the zone of no nomenclature in the base of the Tubb formation---J.W.R.

Yours very truly,

OIL CONSERVATION COMMISSION

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part outlines the various methods and tools used to collect and analyze data. This includes both traditional manual methods and modern digital technologies, highlighting the benefits of each approach.

3. The third part focuses on the role of human resources in the data collection process. It discusses how training and support for staff can significantly improve the quality and reliability of the data collected.

4. The fourth part addresses the challenges and limitations of data collection. It identifies common pitfalls and provides strategies to overcome them, ensuring that the data remains valid and useful for decision-making.

5. The fifth part discusses the importance of data security and privacy. It outlines the necessary measures to protect sensitive information from unauthorized access and ensure compliance with relevant regulations.

6. The sixth part provides a summary of the key findings and recommendations. It reiterates the importance of a systematic and consistent approach to data collection and analysis, and offers practical advice for implementing these principles in the organization.
