13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Apache Corporation requests renewed approval of the Temporarily Abandoned status.

Apache is actively pursuing development of an eastward expansion of the Northeast Drinkard Unit in this area. We plan to use this wellbore in the secondary recovery project to be implemented within the next 12 months.

A mechanical integrity test is being run, and results will be submitted as soon as they are available.
