Mr. A. L. Porter, Jr.
Director-Secretary
New Mexico Oil
Conservation Commission
Santa Fe, New Mexico

Dear Sir:

Please refer to our letter from Mr. E. F. Montgomery, stating that it will be necessary for us to apply for a no-flare order from the Commission not later than 11-8-57, in the event a gas connection has not been made to our State McDonald A/C 1 "B" Well No.1 by that date.

We hereby ask that an exception to the "No-Flare" order be granted for this well. The lease on which this well is situated covers the east half of Sec.26 and the northeast quarter of Sec.35, T22S R36E, Lea County, New Mexico.

Wells Nos. 2, 3 and 4 have also been completed on this lease.

We have a contract with Phillips Petroleum Company, whereby they will purchase the casinghead gas from these wells as soon as they have the necessary gathering line installed and connected.

Please refer to copy of a letter written by our Assistant Division Manager, Mr. I. G. Burrell, Houston, Texas, to the Phillips Petroleum Company, which substantiates that we have such a contract. That copy is attached to our letter to you under date of September 11, 1957, applying for a no-flare order for our Ethel Shipley Owens Well No.2, in Sec.26, same township and range.
