Gentlemen:

This is to advise that on August 31, 1941 the Conoco, Inc.'s Meyers A-29 #4 Jalmat gas well located in Unit L of Section 29, Township 22S, Range 36E, Lea County, New Mexico was disconnected from El Paso Natural Gas Co.'s gathering system. This meter is blind plated and will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to inability of well to produce into El Paso's gathering system.

Yours truly,
