Subject: Baker B - Well No. 2
1980' FS & WL, Sec. 10, T-22-S, R-37-E,
Lea County, New Mexico

Gentlemen:

We have received verbal permission from the New Mexico Oil Conservation Division to test proposed commingling of the Eumont-Yates-SR-QU (3430-3490) and the Penrose Skelly Grayburg (3619-3705) zones in the above captioned well.

One requirement specifies that offset operators be notified before final approval.

Yours very truly,
BEC Corporation

George Van Husen
