Gentlemen:

Due to the recently submitted gas-oil ratio test for your Thomas Long #5 located in Unit N of Section 11, T22S, R37E, it will be reclassified to a gas well in the Blinebry Oil and Gas Pool effective May 1, 1986, and the oil allowable will be cancelled that date.

The proration unit dedicated to well when it was classified as a gas well was the SW/4 of Section 11. If the proration unit has changed, please file a revised C-102. In the event that a change of transporter(s) occurs due to this reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
