Monument, New Mexico 88265

Attention Don Vollentine

The captioned wells have been downhole commingled in the Blinebry, Drinkard, and Tubb Pools. Gas from the Tubb Pool is prorated and must be reported separately on the gas transporter's monthly C-111 report. Percentage allocations have been established as follows:

	<u>Oil</u>	<u>Gas</u>
5. Brunson Blinebry	52%	41%
Drinkard-abs	39%	33%
Tubb	9%	26%

The New Mexico Oil Conservation Division has asked Exxon to contact you to assure proper production reporting for these two wells. Attached are copies of correspondence concerning this request. If you have any questions, please call me at (915) 688-7548.

Sincerely

Stephen Johnson
Administrative Specialist
