Re: Recompletion  
Boyd #3-A  
Section 23, T22S, R37E

Gentlemen:

We have approved your intention to recomplete the above-referenced well from the Drinkard to the Blinebry zone. However, a completion in the Blinebry will require that you make application for approval of a non-standard proration unit for the Boyd #2Y Blinebry gas well since Unit A will have to be deleted.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
