Baker and Taylor Drilg. Company
712 1st National Bank Bldg.
Amarillo, Texas

General Crude Oil Company
Route 2
Hamlin, Texas

9. In my opinion, this well will produce the allowable normally assigned to a 160 acre gas proration unit.
10. We have made arrangements with Magnolia Petroleum Company and General Crude Oil Company to include their acreage in the southwest quarter of the northwest quarter of Section 25-238-36E within this unit. Attached herewith are copies of assignments from Magnolia Petroleum Company and General Crude Oil Company to Western Natural Gas Company on this acreage.

Very truly yours,

Paul C. Wright

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research.

2. The second part of the report is a detailed description of the methodology used in the study. It includes information about the sample size, the data collection methods, and the statistical analysis techniques.

3. The third part of the report is a presentation of the results of the study. It includes tables, figures, and text describing the findings of the research.

4. The fourth part of the report is a discussion of the results and their implications. It includes a comparison of the findings with previous research and a discussion of the limitations of the study.

5. The fifth part of the report is a conclusion and a list of references. The conclusion summarizes the main findings of the study, and the references list the sources of information used in the research.

6. The sixth part of the report is a list of appendices. These include any additional information that is relevant to the study but is not included in the main text.

Handwritten signature

7. The seventh part of the report is a list of footnotes. These include any additional information that is relevant to the study but is not included in the main text.

Handwritten signature

8. The eighth part of the report is a list of references. These include the sources of information used in the research.

9. The ninth part of the report is a list of appendices. These include any additional information that is relevant to the study but is not included in the main text.

Handwritten signature

10. The tenth part of the report is a list of references. These include the sources of information used in the research.
