	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Reclamation work has been completed.

Yates will continue to monitor until BLM objectives have been met. A Final Abandonment Notice will be submitted when the potential for successful revegetation is established.

**RECEIVED**

Subject: Two year monitoring status for Nix Yates Federal #1 well.

Ms. Michelle Taylor,

The Bureau of Land Management (BLM) – Roswell Field Office is in receipt of your Subsequent Sundry Notice on Form 3160-5 (Sundry Notice and Reports on Wells) dated January 14, 2013 for the Nix Yates Federal #1 well API No. 30-041-10095 located 660 FSL & 1980 FEL of Section 28, Township 7S, Range 35E, Roosevelt County, New Mexico. As stated, reclamation of the location has been completed.

BLM has placed the location in monitoring status pending satisfactory re-vegetation. Please continue your monitoring of this location for a minimum of two growing seasons. When the site appears to be in a safe, stable, and satisfactory re-vegetative state; submit a Final Abandonment Notice on Form 3160-5 (Sundry Notice and Reports on Wells) stating surface restoration of the well pad and access road is complete and are ready for inspection. BLM will then inspect the location, if it meets BLM standards, will process and approve your request for Final Abandonment. 43 CFR 3162.3-4 (c), states "...the surface of the lands disturbed in connection with the conduct of operations shall be reclaimed in accordance with a plan first approved or prescribed by the authorized officer".

Your liability under bond is retained until surface reclamation is complete and approved by the Authorized Officer. If you have any questions concerning the location, please contact Robert Bussell, Environmental Protection Specialist, Roswell Field Office at (575) 627-0249 or [rbussell@blm.gov](mailto:rbussell@blm.gov).

Sincerely

*/s/ Angel Mayes*

Angel Mayes
