Re: Roundabout 15 Fed State
Com. No. 1H
Sections 10 and 15- T185-R33E
Lea County, New Mexico

Seely Oil Company (Seely), as operator of the Caviness Federal "10" Lease, has no objection to the formation of a 160 acre drilling unit comprised of the W/2 NE/4 Section 15-T185-R33E and the W/2 SE/4 section is 10-T185-R33E. It is understood that said unit is for the purpose of drilling a 2nd Bone Spring Sand horizontal test limited to the interval between the vertical depths of 8924' to 9406'.

Seely also has no objection to the surface drilling location being situated on the Caviness "10" lease in the W/2 SE/4 of Section 10.

If you need any additional information please do not hesitate to contact us.

Very Truly Yours,

David L. Henderson
President
