13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

I have visited with Jerry Blakley Carlsbad office, it is my understanding that all information on this proposed well has been through the required departments for approval, in the BLM office. The APD should be released in a few days. I would like to request that we be allowed to start construction on the proposed surface location and road due to our current drilling schedule. I would like to request that we be allowed to start construction 10-28-2013.
