3. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

South Hobbs G/SA Unit No. 12 was pxa'd 12/30/97. Oxy will dig out & cut off the current dry hole marker and install a new plate to the wellhead at below ground level per request of the land owner, Mickey Welborn. The dry hole marker is being replaced so that Mr. Welborn can fence off and utilize all of his lot.

Mark;

We will sign for "record only" the attached NOI C103 and will be scanned into the online system.

Please submit Subsequent Report C103 for marker in mail for approval, once completed.

Thank you,

Sylvia A. Dickey

Good Morning Sylvia,

Attached please find Form C-103 for Oxy's South Hobbs G/SA Unit No. 12 (30-025-07625). The C-103 is being furnished in regard to the email exchange you had in June with Glen Hubbard. If you would, please let me know if the attachment is acceptable for submittal or if you prefer that I mail the original signed C-103 to you. I have also attached the email chain along with the Subsequent Report C-103 accounting for the pxa of the well in December, 1997.

If you have any questions, please email or call. Thank you.

Subject: RE: DRY HOLE MARKER 30-025-07625

Good Morning Glen;

On the other note regarding Mickey Welborn. Since Mickey is the land owner, just get a noted statement regarding the request to cut below ground level, in reference to the dry hole marker. The statement can be noted on the C103.

Then, please follow the rule guidelines I submitted to you Thursday, rule 19.15.25.10.

Thanks,

sadickey

Subject: DRY HOLE MARKER 30-025-07625

Glen;

After further discussion with Bill Sonnamaker, some items of concern need to be clarified before we approve any work performed on the DHM at this well. Bill gave me an api # 30-025-07625. Plugged well release of 8/22/2000. After reviewing pictures of the area surrounding the location, there may be a question as to the land ownership.

According to records, this location is on Patent land (fee owned). Any cutting of the dry hole marker **may** require the approval of the land owner and OCD before any modifications to the existing marker are performed.

We will forward this information to Maxey Brown, when he returns on Monday, June 30, 2014. He will be able to answer your question possibly at that time.
