Good Morning Ms. Mull,

Attached are the revised C-102 forms for the DCP Midstream wells AGI #1 and AGI #2.

With respect to the AGI #1 well, the C-102 has been amended to reflect a change in the bottom hole location required by the BLM Carlsbad office. This change was made after the survey and submittal of the original C-102. This bottom hole location has been approved by the NMOCD Santa Fe office.

The locations of the AGI #2 well are unchanged.

Both C-102 forms have been amended to include my signature as a consultant to DCP Midstream.

If you have any questions, please call me at the numbers below.

Thank you very much,

James C. Hunter, RG
