Request 60 day TA status. We have been awaiting Right-of-Way from the BLM, and have finally received approved ROW to lay a new buried injection line to this well. Contract to lay line has been let to Dudley Services, Artesia, NM. As soon as the line is laid, we will remove the CIBP, run a packer, run a new MIT and return this well to active injector status. This should take less than 60 days.
