Gentlemen:

Paperwork received on these wells is being Denied. A request for additional paperwork was requested, but as of today this paperwork has not been received. Per OCD records you have also been producing these wells without an approved C-104. To comply with standards imposed by Rules and Regulations of the Division, corrective action must be taken immediately and the situation brought into compliance.

In the event that a satisfactory response is not received to this letter of direction by June 15, 2015 further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon these wells.

If you have questions on this matter, please call Donna Mull (575) 393-6161 x 115, or Paul Kautz (575) 393-6161 x 104.

Sincerely,

OIL CONSERVATION DIVISION
