13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Well P&A 5/12/2015 with dry hole marker installed, and subsequent P&A sundry previously submitted.

All equipment and tank moved off location. Remove caliche pad from location, recontour native soil to lay of the land, and reseed native soil with BLM specified seed mix (attached). Location has been reclaimed. McClellan Oil Corp will retain their federal bond, but would like this well released from the bond.
