13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chevron U.S.A. Inc., respectfully requests an extension to complete the previously-approved deepening of the Salado Draw SWD 13 #1 based on the following explanation.

The original approval contained a Condition of Approval that the deepening be completed within 90 days of the June 8, 2016 approval date. During the technical review of this job, the team determined that a high strength tubing was required to guarantee the safety, integrity, and reliability of the well at the expected depth and operating temperature and pressure. The tubing fabrication and delivery had a long delivery timeline. The purchase order was originally placed in
