I talked with Melanie, Rand and Brian Collins. They looked at the State Land Office map and the BLM map and found that there are no potash leases within 1 mile.

Have you mailed or emailed the letter to BLM and SLO asking for approval to drill in the R-111-P area? Is there something else I need to do?

Stormi

**** External email. Use caution. ****
Hi Stormi,

This well is in the R-111-P potash area and it has not been approved. It is there to allow any potash companies to object to the well. Before I can approve the APD I need a reply from BLM and SLO. Also COG needs to notify me of any potash leases within a one mile radius of the proposed well if they have been notified.

Good morning.

I see on OCD Permitting that this APD was approved 11/28/16, but it has not been scanned. Would it be possible to get a copy of the approved APD this morning?
