Subject: AMTEX "Dagger Draw" Drill Island in Section 30 21S 33E

Good Morning Katie and Kevin,

AMTEX Energy proposed to State Lands and BLM the AMTEX Drill Island for its Dagger Draw operations. The drill island and development area's 30 day notification period expired without objection or protest. The development area consists of all of sections 19, 30 and 31 in T21S R33E and all wells will be drilled from the AMTEX Drill Island in Section 30(see attached survey).

Because the drill island is on State Lands and not BLM, a formal Federal development area was not approved but would have been if on Federal Lands.

Only wells drilled from or proposed from the AMTEX Drill Island will be approved with respect to your LMR. All other wells not on drill island will be subject to provisions of Oil Conservation Division Order R-111-P as to whether the proposed locations are within an established Life-of-Mine-Reserve that is filed with BLM by you.

Thanks,

Jim

James S. Rutley

Thank you Jim and Ed.

Is there anything more official that Amtex can expect to receive from either the BLM or SLO that shows proof of the validity of this Drill Island?

-Tate
