P & A Release

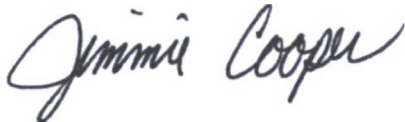

Mr. Brown:

It is my understanding that the only thing holding up the release of the above listed well is the tubing, casing and miscellaneous well head equipment.

The equipment has been stacked on the adjacent location, belonging to Conoco Phillips. This is only for temporary storage until the pipe is sold. The land that this is stored on is deeded land owned by Cooper Ranch, see attached map and property information.

J. Cooper hopes this will satisfy the OCD, so the release process can continue.

Thanks for your continued help.
