	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

ConocoPhillips Company requests approval for off lease measurement. The two well pads that are located on lease NMLC071985, T26S, R32E, Section 25 will be sending oil and gas product from 10 lines to the War Hammer CTB #1 located on lease NMLC069515, T26S, R32E. Both leases are 100% Federal with the same royalty of 12.5%. One well pad is for the War Hammer 25 Federal COM W3 1H (30-025-42029), War Hammer 25 Federal COM W2 2H (30-025-42028) & War Hammer 25 Federal COM W1 3H (30-022-42027). The other well pad is for the War Hammer 25 Federal COM 5H (30-025-43391) and War Hammer 25 Federal COM 6H (30-025-43392). All 5 wells are under one COM agreement that is pending approval until completion of wells. Please see TOPO map.

The Bureau of Land Management staked and approved this location because of habitat considerations and an existing pipeline. The granting of this request is not expected to cause waste of resources.

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #375237 verified by the BLM Well Information System  
For CONOCOPHILLIPS COMPANY, sent to the Hobbs  
Committed to AFMSS for processing by DEBORAH MCKINNEY on 05/10/2017 (17DLM1039SE)

Approval of off-lease measurement is subject to the following conditions of approval:

1. This agency shall be notified of any change in sales method or location of the Sales point.
2. This agency shall be notified of any spill or discharge as required by NTL-3A. No gas may be vented/flared without proper measurement and prior approval. Any gas vented must be flared.
3. This agency reserves the right to modify or rescind approval whenever it determines continued use of the approved method may adversely affect the surface or subsurface environments and/or product accountability.
4. This approval is subject to like approval by the New Mexico Oil Conservation Division.
5. Additional wells require additional approvals.
6. This approval does not constitute right-of-way approval for any off-lease activities. Within 30 days, an application for right-of-way approval must be submitted to the Realty Section if not already done.
7. Approval for off-lease from various sources is a privilege which is granted to lessees/operators for the purpose of aiding conservation and extending the economic life of leases. Applicants should be cognizant that failure to operate in accordance with the provisions outlined in the Authorized Officer's conditions of approval and/or subsequent stipulations or modifications will subject such approval to revocation.
8. Submit updated facility diagram to include measurement points and meter numbers.
