Good Morning Rory,

Your well is within Secretary's Potash but outside of R-111-P and not within a Federal Development Area so you wouldn't be protested by BLM. You need to call Paul Swartz and submit your drilling plan to him and when he signs off you're good.

Cheers and Merry Christmas Rory!

Jim

Paul can be reached at 575-200-7902 or pswartz@blm.gov

Jim,

Here is the application that I discussed with you yesterday afternoon. I believe that we are out of the Secretary's Potash Area, but you are the knowledgeable person on that. Let me know what I need to do from this point.

3Bear has the 60+/- acres upon which the SWD will be a part. The site will include a 60 MMCF/D gas processing plant, oil Storage, 1 or possibly 2-250,000 Bbl earthen cleaned water impoundments, water cleaning area and SWD.
