13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Centennial respectfully requests an extension to postpone reclamation on this pad until we have finished drilling and completing the future wells planned on this location. Centennial is currently working on submitting these permits to the BLM.

Future wells planned from this location and estimated spud dates are:

- Romeo Federal Com 705H (11/14/2018)
- Romeo Federal Com 706H (10/28/2018)
- Juliet Federal Com 707H (10/03/2018)

Centennial would like to request approval to reclaim this pad six months after the final well has been drilled and completed.

*Approving for 1 year -
