Dear Mr. Kautz:

Ascent Energy, LLC ("Ascent") has submitted the application for permit to drill for the seventeen above referenced Toque State Com wells (the "Wells") to the New Mexico Oil Conservation Commission on May 3, 2018. Since the Well is located within the Designated Potash Area, Ascent has researched the Bureau of Land Management and New Mexico State Land Office records and has not located any active potash lease(s) within 1 mile of the Well.

If you have any questions or concerns, please do not hesitate to contact the undersigned at (720) 710-8923.

Kindest Regards,

Lee Zink  
Land Manager
