13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Legacy Reserves respectfully requests a variance to the APD conditions of approval in regards to General Requirements, Sec. B Pressure Control, Paragraph 5, subsection b. to allow for the cut off of the casing and installation of the B-section immediately upon setting slips, and then proceed with the recommended wait time of 12 hours prior to the BOP installation. BOP test will commence 24 hours after bumping the plug.

Please let me know if any additional information is required.
