13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

ConocoPhillips respectfully requests to relocate a double wide trailer from the Red Hills West 16 State #6H Pad to the existing frac pond pad NW of the Wilder 28 Federal 1H. ConocoPhillips would like to utilize half of the existing frac pond pad to place a office trailer. ConocoPhillips would also like to install a septic system adjacent to the trailer on the west side of the pad and a fence around the trailer.

Septic system will be comprised of a Norwesco 3000 gallon above ground vertical storage tank and a Little Giant 9SN Series 4/10hp Sewage Pump. The tank will be surrounded by secondary containment with 150% capacity. Tank will be inspected by TanMar Companies of Midland Texas on a weekly basis and pumped as needed. The contents of the tank will be disposed of at a permitted disposal facility.

OK Per Bob Ballard 9-28-2018 See Attached Steps CMA's

14. I hereby certify that the foregoing is true and correct.
