	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

BLM ORDER NO. 24-003-10W

MIRU pulling unit.

RIH w/ sinker bar on the end of sand line to check depth. Results of data obtained from this procedure will determine whether this well can be returned to production.

RD and move to next well

Gentlemen:

The Bureau of Land Management (BLM) received Sundry Notices of Intent Form 3160-5 on June 18, 2010 for Cato Unit Wells Numbers 12, 15, 34, 62, 66, 117, 132, 134, 138, 140, 151, 152, 153, 160, 161, 164, 165, 166, 171, 172, 174, 175, 177, 178, 179, 181, and 184 in response to Written Order Number 24-002-10W (enclosed). The subject Sundry Notices state Cano's plans to run in hole with sinker bar on the end of sand line to check depth to determine which well(s) can returned to production is not considered a sufficient plan in response to Written Order Number 24-002-10W. The subject Sundry Notices are being returned to you Denied. These Sundry Notices also refer to an incorrect Written Order Number 24-003-10W. BLM is requiring Cano provide a more detailed plan to return the subject well(s) to continuous production or plug the well(s) with a plugging program approved by this BLM office within 60 days from receipt of this letter.

If you need additional information and/or have any questions regarding this letter, please contact David Glass, Petroleum Engineer at the above address or at (575) 627-0275.

Sincerely,

/s/ Angel Mayes
