Dear Mr. Hanks:

On June 24, 1968 we approved Form C-101, Notice of Intention to Drill, for your Ann No. 1. Since the location shown on both Form C-101 and Form C-102, Surveyor's Plat, was 660 feet from the North and East lines of the section, we assumed that this was to be a re-entry of the Shell Oil Company Crouse No. 1 which was drilled to a depth of 378 feet at this location and then was plugged. We have been advised by your Mr. Probandt that the well is not a re-entry and is not in fact located 660 feet from the North and East lines as shown on your forms.

We wish to call to your attention that a well must be drilled at the exact location which has been approved on Commission Form C-101. Please immediately have the location at which the well is being drilled surveyed and submit revised Forms C-101 and C-102 showing the correct location of the well.

Yours very truly,

OIL CONSERVATION COMMISSION
