This form is to be filed by the operator of the well.
 This is a request for allowable production of oil or deepened well. This form must be accompanied by a permit of the deviation member on the well in accordance with the rules.
 All sections of this form must be filled out completely for allowable production and recompleted wells.
 Only Sections I, II, III, and IV are required for changes of owner, name or number, or transporter of the well or change of condition.
 Separate Forms C-104 must be filed for each well in multiply drilled wells.
