Title _____

A well was drilled on this location by The Atlantic Refining Co., and known as the J. E. Stevens #1, in 1944 to a depth of 8245' and abandoned as a dry hole with casing ran as follows:

17-1/4" hole, to 424', 13-3/8" set at 424'

12-1/4" hole, to 2629', 9-5/8" set at 2617'

8-3/4" hole, to 5899', 7-7/8" hole, to 8245'.

The 9-5/8" casing was shot off and pulled from 1100'. We propose to re-enter this hole, drill out plugs, set 7-5/8" casing at approx. 4200' and deepen from 8245' to approx. 10,100' with a 6-3/4" hole and complete with a 5-1/2" liner.
