Subject: J.L. Reed #1

Dear Sir:

In accordance with the recommendation contained in your letter of September 18th, regarding the caved-in cellar at the J.L. Reed #1 location in Unit D of Section 1, T-14-S, R-37-E, we have cemented it to give a solid foundation. We believe it will pass inspection now. Also we are sorry that this condition existed which will make a second inspection trip necessary.

Also, as requested, we submitted Form C-105, Well Record for this well on September 25, 1957.

Very truly yours,

THE ATLANTIC REFINING COMPANY
