THE UNIVERSITY OF CHICAGO

PHILOSOPHY DEPARTMENT

PHILOSOPHY 101

This course is an introduction to the philosophy of language and logic. It covers the foundations of semantics, the philosophy of language, and the philosophy of logic. The course is designed for students who are interested in the foundations of language and logic.

Prerequisites: None

The course is divided into three main sections. The first section covers the foundations of semantics, including the philosophy of language and the philosophy of logic. The second section covers the philosophy of language, including the philosophy of meaning and the philosophy of reference. The third section covers the philosophy of logic, including the philosophy of truth and the philosophy of modality.
