13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We reentered this well in 2/91 and plugged back to the Queen formation. We have filed for administrative approval to reinstate the previously existing 80-acre non-standard Eumont (Gas) proration unit, consisting of the W/2 SW/4 of Section 6, T-20-S, R-37-E, Lea County, New Mexico. This proration unit was formed on July 7, 1954 (NMOCD Order R-494) with the completion of the Continental Oil Company Britt A-6 No. 4 (L-6-20S-37E) and ceased to exist when the well was P&A'd in 3/87.
