Mr. Fred Turner Jr.  
Box 910  
Midland, Texas

Lease Las Cruces 064552-A

Dear Mr. Turner:

According to computations made by Mr. John W. West based on his survey plat dated February 15, 1951 and filed with this office, the correct location of your well No. 1 Aid in Lot 11, section 6, T. 21 S., R. 32 E. Lea County New Mexico should be 3370.7 feet from the north line instead of 3200 feet as you have shown it on notices submitted to this office.

The distance of 2072.2 feet from the west line is correct.

Will you please correct all of your records to conform with this letter.

Very truly yours,

M.H. Soyster  
District Engineer.
