House Yates SR Gas Pool

Gentlemen:

The above-referenced well was completed as a SI gas well in the House Yates SR Gas Pool in April 1985. The well was originally permitted as a proposed Drinkard completion with 40 acres dedicated.

When you filed your C-105 you did not file a revised acreage dedication plat for this well showing 160 acres as required by the House Y-SR Gas pool rules.

Please file this amended C-102 for the House Y-SR Gas Pool and also a status update indicating if the well is still SI.

Very truly yours,

OIL CONSERVATION DIVISION
