Gentlemen:

John H. Hendrix Corporation respectfully requests your approval of this administrative application for the subject unorthodox gas well location and simultaneous dedication.

John H. Hendrix Corporation has recompleted the Elliott A-15 No. 5 in the Tubb (Pro Gas) Pool. It is our desire to simultaneously dedicate the existing 160-acre Tubb Gas proration unit currently assigned to our Elliott B-15 No. 3 to include the Elliott A-15 No. 5. The 160-acre gas proration unit comprises of the SE/4 of Section 15, T22S - R37E, Lea County, New Mexico.

As a result, the Elliott A-15 No. 5 located 330' FSL and 990' FWL, Unit P, Section 15, T22S - R37, Lea County, New Mexico is unorthodox. A Penrose Skelly well was drilled at the normal location.

In order to prevent waste, John H. Hendrix Corporation respectfully requests your approval of this administrative application for an unorthodox gas well location and simultaneous dedication. Attached is a map showing offset operators and Form C-102 plat. A copy of this letter and attachments are being furnished by Certified Mail to offset operators as their notice of this application.
