June 3, 1991 - Approval of proposed P & A Operation was given on 1/30/91. On March 28, 1991, we were given a 60 day extension for that P & A Operation. Since that time, we have been having problems with the SWD system that we are using and may need to make application to convert this well into a SWD well. We ask that an additional 60 day extension of the P & A application be granted so that we can determine if this well can be put to some use and make the necessary application. Thank you for your consideration in this matter.
